Specially Adapted 4-5 Bed Bungalow

- Supporting independence
- Creating a home for life

In partnership with:

CHRYSALIS GROUP

CHRYSALIS SUPPORTED ASSOCIATION

Background

This project focused on creating a home that balanced independence with specialist support. Through carefully planned adaptations and a comprehensive refurbishment, the bungalow was transformed into two spacious, self-contained living spaces for two individuals with complex needs who were previously in unsuitable settings. An integrated care provider unit allows both tenants to be supported by a single care provider, improving efficiency and delivering cost savings while providing suitable, independent living environments.

Creating a home for life

Bathrooms & Wet Rooms

- New wet room created through the garage extension.
- Designed to meet the specific needs of the resident.
- Practical, accessible layout for everyday use.

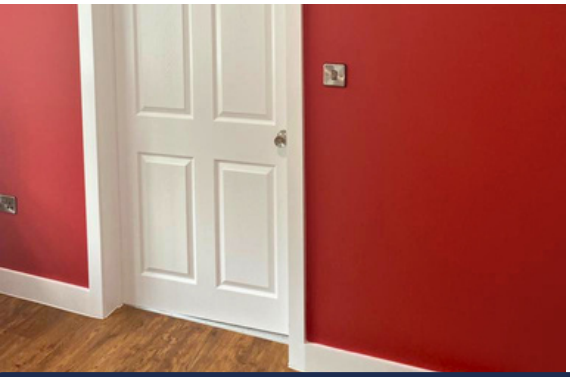
Kitchen

- Solid wood worktops.
- Large A-rated white goods installed.
- Designed to provide a practical and functional living space.
- Lockable, handleless cabinets

Development Approach

The bungalow was refurbished and reconfigured to create two self-contained living spaces, alongside an integrated care provider unit. The works included adapted kitchens with lockable, handleless cabinets, specialist bathrooms and wet rooms with tamper-proof fittings, and noise-reduced ventilation and extraction.

The adaptations were designed around the tenants' needs, incorporating secure kitchen access and bathroom controls to support safe, independent living while enabling care staff to provide appropriate support.



Working in Partnership

Through strong partnerships with local authorities, commissioners and support providers, we deliver high-quality homes designed to meet individual needs, support independence and provide safe, comfortable living environments.
