

Large 6-Bedroom Detached Property

- Supporting independence
- Creating safe and supported spaces

In partnership with:

Background

We transformed an existing property into a high-quality six-bedroom home tailored to the client's requirements. Through a considered refurbishment, including the installation of a new kitchen and essential safety features, we created a comfortable, well-equipped and safe supported home that balances shared spaces with privacy and supports the property's long-term use. The property also features bespoke fitted features, additional breakout areas and over 250 sqm of extended communal living space, alongside external garage and storage spaces.

Creating a
home for life

Bathrooms & Wet Rooms

- Upgraded bathroom finishes
- New durable flooring throughout
- Practical, low maintenance design
- Refreshed, clean and modern appearance

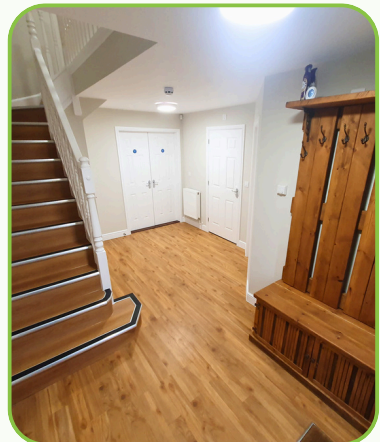

Kitchen

- Bespoke, contemporary kitchen design
- Generous storage with solid worktops
- High quality, A rated integrated appliances including built in microwave
- Additional refrigeration with 3 fridge freezer spaces

Development Approach

The development focused on enhancing the existing property to meet the client's requirements, with targeted refurbishment works to improve its functionality, safety and overall finish. Works included the installation of a new kitchen, electrical alterations, replacement floor coverings and redecoration throughout.

Fire doors, fireproofing, a fire alarm system, emergency lighting and CCTV were also installed, alongside blinds. External improvements included updated landscaping to create safe, usable spaces, additional bike storage and designated outdoor smoking areas. These improvements helped create a safe, practical and welcoming home suited to its intended use.

Working in Partnership

Through strong partnerships with local authorities, commissioners and support providers, we deliver high-quality homes designed to meet individual needs, support independence and provide safe, comfortable living environments.
